Dr. Arturo Morales Carrion,  
Under Secretary of State,  
San Juan Puerto Rico.

Dear Arturo,

I am delighted to hear that you are planning to invite Ramiro Priale to Puerto Rico for a visit. His address is

Secretario General  
Partido Aprista Peruano  
Alfonso Ugarte 1012  
Lima, Peru.

I have tremendous faith in Priale and his utter dedication to his people. Nor can I think of anything which would renew his courage and hope, more than a visit with all of you in Puerto Rico. I have been especially anxious that he meet the Governor and Doña Ines for the inspiration that they impart to everyone -- and he needs it in his difficult task. Thank you all, for your warmth and affection, that you give so generously.

As for Cuba, dear Arturo -- what a pity that courage and wisdom are not combined in Fidel, as they are in Don Luis! However, I still have hope that out of this will come something good for Cuba, however circuitous the method. The Cuban friends still are entirely confident. Moreover, what is the alternative? As Don Luis has said, we must have patience for the sake of the Cuban people, and those of our friends who are determined to justify the revolution.

With renewed thanks to you for thinking of Priale, and my heartiest personal regards, believe me,

Cordially
