

January 14, 1955

Dear Doctor Seel:

With the greetings of the New Year, I take pleasure in sending you and Mrs. Seel a copy of the book published by Tomás Blanco, "Los Aguinaldos del Infante" (The Child's Gift). Please accept it as a compliment of the Department of State of the Commonwealth of Puerto Rico.

I have asked the Information Office of this Department to send you the material we are distributing on our inter-American activities. A copy of the last information bulletin is enclosed.

Is the Institute still interested in publishing my commencement address? The Department of Education has asked me to include it as one of its publications but I would prefer, naturally, to give priority to the Institute.

Cordially yours,

ARTURO MORALES CARRION  
Under Secretary of State

Doctor Edward G. Seel  
President  
Polytechnic Institute of Puerto Rico  
San Germán, Puerto Rico
