

28 August 1958

Dear friend:

I hope you will excuse my delay in sending you this letter. I not only directed the July 25th celebration, but had to leave immediately afterward for a Caribbean Commission meeting in Trinidad.

I regretted very much your sudden departure. You were a good, pleasant associate in our work down here. I trust your husband is now better.

Do not fail to give my personal regards to your grand old man.

Sincerely,

ARTURO MORALES CARRION
