September 19, 1958.

Dear Sir:

All of us here at WHOA sincerely appreciate your kind letter of September 17, 1958, following your appearance on our "Town Forum of the Air" program. We also wish to thank you for appearing on the program, which proved to be extremely interesting, and produced a tremendous audience response because of its excellency.

Your personal suggestion regarding more controversial topics is one hundred per cent agreeable to us, and if you now have, or whenever you may have, any suggestions as to other topics you would like to hear discussed, we here at WHOA (and I am certain Mr. Baird also), will appreciate your further comments.

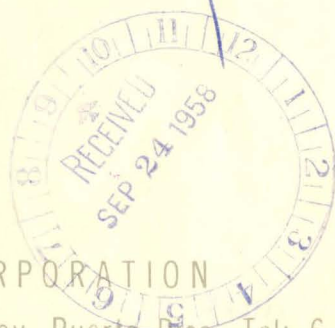

Whether on Mr. Baird's "Town Forum of the Air", or any other similar WHOA program, we are always happy to give equal and fair time to any and all parties concerned in any constructive controversy.

Hoping that Mr. Baird will be able to have you on another of his interesting programs in the near future, I remain,

Sincerely,

William R. Anthony
