Personal

Dear Henry:

I was just about to write you a note to say how much all of us here in the Commonwealth Technical Cooperation Program appreciated your fine article in the Saturday Evening Post, when word came from Morton Sontheimer that you are in the hospital.

I hope it will cheer you to know that we are working harder than ever to live up to the high reputation you have given us. In addition to our normal stream of visitors, we have been engulfed in a series of conferences --XVth Pan American Sanitary Conference, Conference on Inter-American Exchange of Persons, etc. -- and are about to plunge recklessly into a five-week Latin American seminar on planning for economic development.

While you are convalescing you might keep an eye out for a pleasant room for me. The conferences have been going very well, but by the time this series is over I'll be lucky not to need a little hospitalization myself.

Get well soon, Henry, and come back to see us.

Cordially,

ARTURO MORALES CARRION  
Commonwealth  
Under Secretary of State

Mr. Henry LaCossit
