

September 30, 1959

Dr. Santiago Polanco Abreu  
Cámara de Representantes  
Capitolio  
San Juan, Puerto Rico.

Dear Dr. Polanco Abreu:

I valued heartily your prompt reply to my letter of September 17. Even more, I appreciated your effective action and the gracious response of Don Luis and Doña Ines to our plan.

I am writing today to the members of our Preparatory Committee regarding the meeting from October 23 to 25. I am also informing them that they will hear from you directly. Hence, I believe they would be pleased to receive your direct invitation, also advising them that our gracious Puerto Rican hosts are assuming the transportation and accommodation expenses. Incidentally, I believe the transportation could be arranged through Pan American Airways or other airways which should also notify the individuals directly, that transportation to San Juan is being made available to them.

I am attaching, herewith, the names and addresses of the committee members who should be notified.

I have asked our committee members to bring all possible suggestions and proposals for our meeting, including agenda, budget, participants, etc., as this should be a definitive discussion and give us ample time for preparatory work before the Conference.

I hasten to send this, since I know you will want to proceed with the arrangements. If you have any other questions, please do not hesitate to write me.

Thanking you again for your cooperation and with heartiest regards, believe me.

Sincerely,

Frances R. Grant  
Secretary General

evl  
attach.

P.S. Please transmit my heartiest thanks and regards to Don Luis and Doña Ines.
