Dear Mr. Wheeler:

With further reference to my letter of February 17, I should like to inform the Department that Dr. Lloyd Rodwin and Professor Frederick Adams, both of the Massachusetts Institute of Technology, will attend the Seminar on the Training for Town and Country Planning which will be held beginning next Monday at the University of Puerto Rico. Dr. Rodwin has been most active in helping with the organization of the Seminar.

I have been informed by the University of Puerto Rico that they would like former Governor Rexford Guy Tugwell to give his views on certain matters which will come up before the Seminar. Dr. Tugwell is now visiting lecturer at the University and was the originator of the Puerto Rico Planning Board.

For your information, I am attaching a full list of the participants, including those that have been invited from Latin America by the Housing and Planning Section of the Department of Social Affairs of the United Nations.

Sincerely yours,

ARTURO MORALES CARRION
