Dear Arturo:

Many thanks for the additional specimens of the truly prodigious AMC cerebral output. Your statement before the House Committee, over and above its original purpose, provides valuable historical data and an up-to-date rundown on present Puerto Rican activities in the field of inter-American and international cooperation. How you had time to prepare it while you were so busy with your extremely demanding duties at the Cultural Council meeting is beyond me.

The Denver paper identifies you once more as the ideal analyst of Latin and Anglo values, and improving our means of uniting them; and the summary of the "Soberania y Libertad" theme, which I had already seen but enjoyed reading again, refreshes my memory of the high spot of the conference.

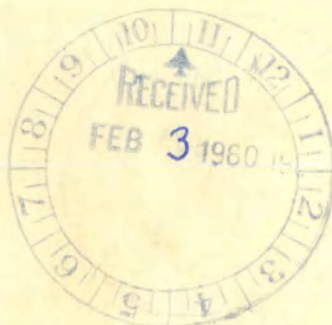

With repeated thanks and best wishes,

Sincerely,

A handwritten signature in blue ink, appearing to read "Jim".
