

16 November 1960

Dear Mr. Marvel:

I am happy to learn that we will be together at the panel discussion in San Francisco on inter-American educational exchange. The meeting is most timely and I do hope that you will bring some concrete suggestions for a wider, more dynamic program in the light of the questions posed by the Institute. Presentations are limited to ten minutes, so as to obtain maximum discussion.

I take this opportunity to invite you to be my guest at a luncheon on Wednesday, November 30. We might exchange ideas at that time with our Latin-American friends on the best procedure to follow.

Sincerely,

ARTURO MORALES GARRIGON
