Mr. Antonio Morales Carrión
 V Inter-American Congress of Municipalities,
 San Juan, Puerto Rico.

Dear Mr. Morales Carrión:

I wish to extend a cordial invitation to you to attend a special luncheon as my guest on Saturday afternoon, December 4, in the Salón del Castillo, at the Caribe Hilton Hotel. The luncheon will be at 1.00 PM, followed by an informal afternoon conference.

The purpose of the conference is to get your views, and those of several other well-informed members of the Congress on certain questions that have arisen in the course of a study of technical services in the field of public administration in Latin America being conducted by Public Administration Clearing House at the request of the Organization of American States. In this meeting we would like to discuss some problems of technical services in the field of municipal government, as explained in the agenda which is enclosed. I also enclose a copy of the press release of the Pan American Union announcing the general study, and a background paper that has been prepared for this particular meeting by Dr. Carlos M. Morán.

I hope that you will find it possible to attend and give us the benefit of your experience and views.

Cordially yours,
Herbert Emmerich
