

UNITED STATES GOVERNMENT

Memorandum

TO : ARA: Dr. Arturo Morales Carrion,
Deputy Assistant Secretary

DATE: December 13, 1961

FROM : O/FSI: James M. Byrne *JMB*

SUBJECT: Projected trip of the Senior Seminar to Puerto Rico.

You will recall when Mr. Corry, Mr. Dorsey and I lunched with you a couple of weeks ago, we promised to send you copies of all correspondence connected with the Senior Seminar's proposed visit to Puerto Rico.

Enclosed are two letters to the Governor which were sent earlier this week. We of course have not yet received a reply. When we do so, we will forward you a copy.

Without wishing to take up your time unduly, we would like to be able to continue counting on receiving the benefit of your advice in this matter. We greatly appreciate the suggestions given us at our last meeting. You will be interested to know that the group had a very interesting meeting with Mr. Joseph Montserrat during their visit to New York last week.
