

August 2, 1957

Dear Mr. Ambassador:

I regret that the official ceremonies of the fifth anniversary of the founding of this Commonwealth, which were under my direct supervision, have prevented me from expressing to you at an earlier date my deep gratefulness for the luncheon at the Embassy and your kind interest in my activities and my official duties here. I was very happy to see you back in Latin America and am certain that you will continue your splendid contribution, on the diplomatic level, to inter-American understanding.

Our visit to Bogotá was quite successful and I am hoping now that it will serve as a prelude to the Governor's visit.

Best personal regards from,

ARTURO MORALES CARRION
