Dear Dr. Morales Carrión,

I have just received the fine photographs taken during the Seminar on Plantation Systems in the New World. I greatly appreciate your sending them, and shall keep them as reminders of the pleasant week in Puerto Rico.

Perhaps other members of the Seminar have been as lax as I in writing to thank you and your staff for the fine job of welcoming us to San Juan and guiding the meeting. We all appreciated your efforts, and I heard many favorable comments. In addition, I should like to say that I thought you did a particularly fine job as chairman of the first morning's session.

If we at the Smithsonian can ever be of assistance to you in any way, please consider that you have friends here on whom to call. If you ever have free time during a visit to Washington, we would be happy to show you around.

Sincerely yours,

Betty J. Meggers
