Dear friend:

I am happy to attach a revised copy of the paper I presented at the Caribbean Conference sponsored by the University of Florida. I have added some useful quotations by the Governor which may clarify some of the aspects of our Commonwealth status.

I am most grateful for the opportunity you afforded me of cooperating with your fine program and trust that we may work together in the project concerning a meeting in Puerto Rico of representatives of all institutions promoting a cultural exchange with Latin America.

Best personal regards from,
