San Germán, P. R.

Dear friends:

Mrs. Morales and I learned with deep satisfaction that Founder's Day this year has been dedicated to honor you. Nothing could be more deserving and meritorious. We have enjoyed the benefits of Polytechnic academic, artistic, cultural and social life and standards mostly through your early acquaintance and personal courtesies.

We congratulate you both most sincerely on this occasion and adhere warmly to the spirit which pervades the whole celebration.

Yours very truly,

S. Morales Salgado
Superintendent of Schools
