(Member Middle States Association of Colleges and Secondary Schools)

December 4, 1946.

Dear Mr. Palmer,

I was told that Mrs. Palmer had gone through an operation. I hope everything has come out all right and she is feeling better by now.

The Tri-Beta continues its work as usual. Six new provisional members were initiated this semester. They are: Rafael Enrique Garcia, Stanley Asensio, Rafael Aponte, Aristides Cardona, Manuel Canabal and Angel Pou.

I am applying to medical colleges for next year. The Jefferson Medical College asked me for a letter of recommendation from my Professor of Zoology. Will you kindly do it for me? They ask for grade obtained in courses and your opinion about my aptitude for scientific studies. The letter should be sent to: J. O. Crider, M.D. Assistant Dean, Jefferson Medical College, 1025 Walnut St. Philadelphia, 7, Pa.

Thanking you for all you can do for me, and hoping for Mrs. Palmer prompt recovery, I remain,

Sincerely yours,

*Rafael Aponte*
