

Dear Al:

My comments are noted on the attached report which you were so kind to circulate to me. Would you prefer that I made suggestions directly to Mr. Wasson, if so please let me know. Also, I will not need weekly copies but I do want to receive copy of the monthly summary each month.

The so-called 2000 plants list and the 400-odd new factories promoted this past year is continually updated at FOMENTO. I am sure that Mr. Wasson can get one of the people there to indicate the ACTIVE factories which is the criteria to go by, not the number of employees, though this information is readily available also at FOMENTO.

Please do not think my notes on the report indicate impatience, (even if they do).

Best regards and success!

Dear Al:

Are you planning to circulate the weekly reports or the monthly Summary. Please do not think I am impatient (see notes on report) just because I am
