IAU Report for week  
of November 21, 1966

From: Wayne Wasson

Campaign Materials

Work has commenced on the shooting schedule for the soundslide presentation, and about one half of the shots have been made. Phillips Petroleum has kindly granted us permission to take photographs of their plant and new construction site. Script has been approved and is scheduled to be recorded December 5 in both English and Spanish.

The Annual Report has been finished and approved, and layout will be made in New York by Tamblin & Brown, Inc. Final approval will be made by Dr. Hoxeng approximately December 15.

Based on discussions with Dr. Hoxeng, the report of the progress on the Religious Center to the New York Synod is in the process of being re-written by Tamblin & Brown, with major emphasis on the total development program.

A special brochure for the Library is being prepared and final layout will have to await approval of the schematics on December 12.

Mr. Wasson met with Dr. Guster to discuss personal letters of thanks from Dr. Hoxeng to major contributors to the Religious Center.

San Germán Friends of IAU

There was a meeting on Monday, November 21, and it was decided that they would review their own level of giving and would plan to hold a large meeting of 50 to 60 potential major contributors, approximately on January 9, 1967. Prior to the meeting each member of the Steering Committee will be assigned the pledge cards of a certain number of guests.

Publicity

Tentative plans are being made for publicity for the Education Conference to be held by IAU January 12-13
