

This lock is clever
For much so for me
It locks forever
When "open" you see

Caja 22
Bartopacio 12
Documento 30

It stays open when locked
It flies shut when half-cocked
It's the only defect Lykes Brothers have got.

SW of a door lock
on the berth -

"What a pretty life we live here!
Sometimes I think that it is a dream
and that I am in heaven near God!"

For Mrs. Harris.

I copied this from
a composition written by a little 9th
Grade girl and since you and Dr. Harris
have done and are doing so much to make
the life here "a pretty life", I thought
you would like to read it.
