# THE PALACE HOTEL

SAN JUAN,  
PORTO RICO.

SAN JUAN, P. R. Feb 27 1922

My dear Mrs Harris: We had a much pleasanter trip home than going to San German - or perhaps the recollection of our happy visit with you and the lunch you gave us made it seem pleasanter. The train boy got us some ice and adding it to the milk we had the best drink of our stay in Porto Rico.

I wish I could tell you how much we enjoyed our stay in your home and how interested and impressed we were with the Institute

and the tremendous work your husband,  
with your help and support, is accomplishing.  
I know that neither Mr. Mitchell nor I  
shall ever forget the beautiful and impressive  
spectacle that greeted us when they  
came marching up the hills to say good-bye  
to us. Please give them our very best regards.  
We are looking forward with much pleasure  
to having Mr. Harris on the Coasts.

Our best love to the children. I hope  
Donald will continue his rapid progress with  
the cornet.

With many thanks for taking us into your  
very life and kindest regards, in which

Mr. Mitchell joins me.

Very cordially yours

Aida B. Mitchell
