Feb 4 1952.

Dear Mr. Seal:

Your letter of January 29<sup>th</sup> with such a cordial invitation to be with you March 2<sup>d</sup>. Please pass our feelings of deepest appreciation on also to the faculty.

There must have been sincere prayers offered in behalf of Mrs. Harris, for she is showing decided improvement the past few days. She will not be able to sustain much emotional strain for some time to come. We are both looking forward to meeting all our children and fellow workers of the past, of making friends with those who are now carrying on.

I have called up the Eastern Air Lines and will make reservations for Feb. 25<sup>th</sup> ~~or 26<sup>th</sup>~~. leaving S. Antonio at 8:30 P.M., flight 586 to Houston. " 948W from " to Atlanta arriving there at 9:55 P.M. on the 26<sup>th</sup>. " 101 " Atlanta to S. Juan

I will write again tomorrow when the reservations are approved. I am telling the S. Antonio Agent that approval will have to be OKed by you through the Spain office.

We would like to return as soon as you and the Alumni decide the date for return sailing. The round trip I am told is \$288.19. If money can be saved by our returning by Steamer, we would enjoy a steamer rest to Galveston Texas. I know very little about Steamer sailing, the costs etc. Of course we can stay longer and see the old students in their homes by returning via airplane. If steamer sailing is uncertain just forget this suggestion and we will return via airplane.

The celebration program is attractive and I hope all of the 1927 Class can be present and also all those living of the original 12 students.

With sincere appreciation of the invitation from you and the Faculty.

Cordially yours  
J. W. Harris
